PROFESSIONAL SUMMARY

Computer Science graduate (2025) with hands-on experience in Python, Machine Learning, AWS, web development, REST APIs, and data-driven applications. Experienced in data preprocessing, feature engineering, model evaluation, API development, testing, debugging, and cloud deployment through academic and real-world projects. Passionate about Artificial Intelligence, Generative AI, Computer Vision, and data analytics. Seeking an entry-level AI/ML Engineer role to contribute to innovative AI solutions while continuously expanding technical expertise.

TECHNICAL SKILLS

Programming Languages: Python, Java

Machine Learning: Scikit-learn, Data Preprocessing, Feature Engineering, Model Evaluation, Model Validation, Supervised Learning

Data Analytics: Exploratory Data Analysis (EDA), Data Cleaning, Data Visualization, Dataset Validation

Web Development: HTML, CSS, JavaScript, Laravel

Cloud Technologies: AWS Lambda, Amazon S3, API Gateway

Databases: MySQL, PostgreSQL, Oracle SQL

Software Development: REST APIs, API Testing, Debugging, Software Testing, Git, GitHub, Postman

Soft Skills: Problem Solving, Communication, Team Collaboration, Documentation, Adaptability

INTERNSHIP EXPERIENCE

Assam Electronics Development Corporation Ltd.

Web Development Intern

2024–2025

- Developed a responsive web application using Laravel, HTML, CSS, JavaScript, and MySQL.
- Collaborated on frontend and backend development to improve application functionality and usability.
- Participated in software testing, debugging, database management, and performance optimization.
- Worked with cross-functional teams to implement project requirements and deliver scalable solutions.

PROJECTS

House Price Prediction

Python, Machine Learning

- Collected, cleaned, and preprocessed structured datasets.
- Performed feature engineering and data preprocessing to improve model performance.
- Developed and evaluated machine learning models using Scikit-learn.
- Applied model validation techniques and analyzed model accuracy using evaluation metrics.

Serverless File-Sharing System

AWS, Python

- Designed and deployed a cloud-based application using AWS Lambda, Amazon S3, and API Gateway.
- Developed and tested REST APIs for secure file upload and download.
- Implemented API integration and cloud-based workflows.
- Performed software testing, debugging, and technical documentation.

Healthcare Grievance Resolution System

Laravel, PostgreSQL

- Developed a web-based complaint management system for healthcare services.
- Implemented database-driven workflows using Laravel and PostgreSQL.
- Integrated real-time complaint tracking and administrative dashboards.
- Improved application functionality through testing, debugging, and backend optimization.

EDUCATION

Bachelor of Technology in Computer Science and Engineering

Jorhat Engineering College

2022–2025

CGPA: 7.56

Diploma in Computer Engineering

Nowgong Polytechnic

2019–2022

CGPA: 9.0

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 – AI Foundations Associate
- AI Essentials – Google
- Cyber Security Certification
- Programming in Python – Internshala
- Java and MySQL – Udemy

AI & DATA SKILLS

- Data Cleaning
 - Data Preprocessing
 - Feature Engineering
 - Model Validation
 - Model Evaluation
 - Exploratory Data Analysis
 - Dataset Management
- Technical Documentation
 - API Development
 - Software Testing
 - Debugging
 - Cloud Deployment
 - Research
 - Continuous Learning

ACHIEVEMENTS

- Google Developer Student Club Member (2022–2025)
- All Assam Chess Championship – Rank 32
- Badminton Champion – College Fest 2024
- Gold Medalist – District Table Tennis Championship
